### Bible Panorama from Genesis to Revelation

The unique experience of seeing the 30m big picture of the Bible is unquestionably the heart of this ministry. It's the Bible Revival to this nation! Based on biblical history and prophetic record of God's plan of salvation for mankind, it is non-denominational and brings the plan of God's salvation to all people in a non-threatening and loving manner. Our team guide people through the scripture picture, highlighting the message of life given, life rejected, life offered again... your choice.

Like Paul, we are all things to all men, that we may win some. To the lost, we bring the Good News of salvation. To the sick and broken, healing. To the spiritually blind, revelation. To the struggling, faith to believe and receive the promises of God. To the new believer, solid Word foundation. To the powerless, the Holy Spirit. This list is endless as the Panorama is a ministry of the Holy Spirit and He points to Jesus Christ and touches all people exactly where they are and brings them up to where they ought to be.

### Multiple Formats

Operating across Australia since 1992, the Tent of Promise comes fully equipped to fit into both very small or large spaces. The Panorama marquee setup can range from 9x6m up to 12x6m or 9x9m. The larger meeting tent can be 12x12m or 18x12m depending on the local ministry needs and available space.

### Big Tent Faith & Evangelistic Meetings

The Tent of Promise comes to undergird the local Church or Ministry to help you reach your own community & build up the local Church in the call and gifts, seeing fruit remain in the Kingdom of God. Our format is flexible and extensively purposed to see souls saved and lift the Body of Christ. We collaborate (co-labour) with the local Church. Combined Ministry/Church outreaches or outreaches during festivals and events are particularly fruitful in our experience. The anointed preaching in the Tent of Promise imparts faith to believe and receive the promises of God.
